

Facilities

Located in the heart of Fort Worth's exciting downtown district, Illumitoon is headquartered in a 48,000 square foot, state-of-the-art production facility. That's literally the size of a football field! And it has all the amenities you could want, from HD editing suites to custom designed audio suites featuring "floating" floors and surround sound capability. Animation suites are equipped with software such as Maya, Softimage, Illustrator, Photoshop & After Effects and others. At Illumitoon, the emphasis is on possibilities…

The following list details just some of the features Illumitoon has to offer:

Audio Production

- Two Room-in-a-Room 'ultra quiet' audio suites
- Two see-through recording rooms, capable of dual-recording from two control rooms
- Pro-Tools HD1 and HD2 systems
- Four dedicated ISDN lines for CODEC remote voice over services and video conferencing

Animation

- Award winning 2-D and 3-D animation group on staff
- Use Maya, Boujou, Z-Brush, Softimage, Cinema 4, Illustrator, Photoshop & After Effects
